

ARE YOU USING PROTECTION ?

The **UHP-100** ULTRASONIC HORN PROTECTOR helps keep your FOCUSBUG Cine RT BASE SENSOR transducers free of dust and particulate.

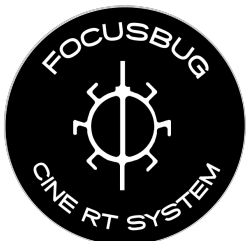

- The **UHP-100** is made of black anodized machined aluminum, padded with felt tabs and friction fits over the end of the Cine RT BASE SENSOR HORNS with no loss of system range.

- Each **UHP-100** kit comes with one water-cut stainless steel RETAINER SCREEN and three replaceable 2-ply FILTERS.

- The RETAINER SCREEN and FILTER are held snugly in place between the **UHP-100**'s HOUSING and the BASE SENSOR HORNS.

- The **UHP-100** retails for \$240 USD and for a limited time shipping is included.
